## Important--Read Carefully

We pay freight to any railroad station in the United States on orders to the amount of \$10.00 net, provided one-fourth or more cash accompanies the order. For all cash before shipment 10% discount will be allowed from prices quoted herewith.

We box and pack free.

All boxes are lined with paper—a safeguard against both drying out and freezing.

We absolutely guarantee safe arrival.

Orders lost or spoiled in transit we refill free.

We use the utmost care to avoid all mistakes and Stark Trees may be depended upon to bear fruit true to label, but if through error or otherwise any should prove untrue, we will replace free of charge, but are liable no further. Our just and liberal dealing since 1816 is our strongest guarantee to customers.

Entomologist's certificates on all shipments.

**SPECIAL.** Will make special prices on large orders. Write for estimate.

One-year trees are graded in two sizes—3 to 5 ft. and 2 to 3 ft. Each size graded strong; our 2 to 3 ft. size equals the largest size of many nurseries.

Two-year trees are graded into three sizes. XXX is the size sure to please. XX size excels "first-class" of some nurseries. No second-class defective or cull trees go into any size, but to the brush pile.

**BY PARCEL POST.** Fruit trees not larger than 2 to 3 ft. mailed prepaid for 3c per tree above prices of smallest grade listed. Grape, berries, currant at 2½c extra per plant.

**SPECIAL SERVICE DEPARTMENT.** For information on subjects relating to fruit culture and selection of varieties for given localities, cultivation, spraying, etc., you are referred to our Special Service Department which is in charge of trained, experienced men. The services of this department are free, and we invite correspondence.

Tried, proven everywhere—no experiment. The handsomest, best, most profitable; the king of yellow peaches. Should be planted in all Elberta regions and will stand much farther north.—Stark Bros.

Ripens about ten days ahead of Elberta; the finest peach I ever tasted.—S. F. Anderson, Tuolumne Co., Calif.

Two Early Elberta trees bore more than fifty others. Ripens with Carman.—E. H. Riehl, Ill. Exp. Station.

My Early Elbertas have borne two crops. I don't think I ever saw finer peaches. I consider them my best peach. They ripen 10 to 15 days ahead of Elberta.—G. W. Pattee, Pinal Co., Ariz.

SEAL—Front View

**E**VERY bundle, bale, box or car of genuine Stark Trees is lock-sealed with this trade-mark seal. This is a guarantee to the planter that he is getting the best nursery stock grown in America — Stark Trees.

Behind this seal is the reputation of the largest, most up-to-date nursery organization in the world. Stark Sealed Trees are the result of four generations of tree-growing experience—since 1816.

Do not overlook the fact that genuine Stark Trees can be bought only at Louisiana, Mo.
